Caring for yours... like they're ours!

Elmbrook Management Company, the family-owned "parent company" of five nursing homes and one assisted living center in southern Oklahoma, has provided loving and nurturing home for the elderly in our community since 1962.

Each Elmbrook facility has a distinct charm all it's own. We recommend that you and your loved one visit as many of our well-equipped homes as possible to get a real feel for the one which best fits your needs.

While on-site, please take a moment to meet with our knowledgeable staff to discuss individual concerns. The more we know about you and your requirements, the better we can customize a care plan just for you.

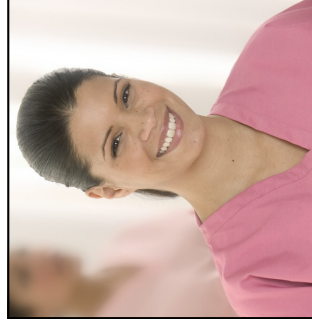

We are honored that you are considering Elmbrook and our fine family of nursing homes for you or your loved one's care.

Long-term Care

All five Elmbrook nursing homes provide long-term, comprehensive medical, personal, and social services designed to meet the needs of chronically ill and disabled persons.

Services include: 24-hour licensed nursing care, hospice care, respite programs for full-time caregivers needing a few nights of guilt-free rest, wound care management, Alzheimer's/Dementia care, wound care assistance, pain management and others.

Pricing is varied depending on the needs of the resident. Payment may be made through private pay, private insurance, long-term care insurance or Medicaid. Please speak to your home's administrator for pricing information and availability.

Skilled Nursing Program

Elmbrook's Skilled Nursing Program is perfect for those who have suffered a fall or illness, have had more than three days in a hospital and will need additional therapy and care to return home.

A full course of therapies are provided by skilled to staff to ensure the short-term resident is back at home as quickly as possible. All five Elmbrook Homes have Skilled Nursing Units available for your review.

Assisted Living

Providing only the best in assisted living, the Suites at Elmbrook are the definition of grace and style.

For those needing help with daily activities, but still wanting the privacy and freedom of home, the Suites at Elmbrook are the perfect alternative to full-time home ownership.
